January 10 McClellan-Palomar Airport Public Meeting Scheduled at Carlsbad Safety Center

Public invited to review Noise Compatibility Study and provide critical input

McClellan-Palomar Airport County of San Diego Department of Public Works invites community members to join a public meeting on Tuesday, January 10 as the recommendations will be presented on the Part 150 Airport Noise Compatibility Study. The meeting, held at the City of Carlsbad Safety Center, begins at 6:30 p.m. with an information open house followed by a 7:00 p.m. presentation summarizing the recent findings and recommendations of the study. Attendees have the opportunity to provide comments and input beginning at 7:30 p.m. The Carlsbad Safety Center is located at Conference Room 1, 2560 Orion Way, Carlsbad, CA 92008

This is the final of three public meetings conducted regarding the noise compatibility study. The topics of discussion for the January 10 meeting include:

- Operational Noise Abatement Measures
- Land Use Compatibility Measures
- Program Management Measures

The goal of the study is to facilitate the best possible relationship between the airport and surrounding residential and business communities. This goal is achievable by minimizing aviation noise impacts and maintaining land-use compatibility. The County of San Diego, with authorization and funding from the Federal Aviation Administration (FAA), is preparing the Federal Aviation Regulation Part 150 Noise Compatibility Study for McClellan-Palomar Airport. Representatives from URS, an airport consulting firm, will be on hand at the meeting to share the latest findings as it finalizes its work on the study and the recommended noise compatibility program. Following this public hearing, the FAA will review the final study, including all public comments received, and approve or disapprove each individual recommendation of the study.

A draft copy of the Noise Compatibility Plan is available at the Main Carlsbad Public Library located at 1775 Dove Lane, Carlsbad, CA 92009
